

ASTHA AGRI GENETICS

The image shows the exterior of a modern building with a distinctive design. It features alternating horizontal bands of bright green and white. The green bands are wider and have a slightly textured appearance, while the white bands are thinner and provide a clean contrast. The building has a flat roof with a metal railing. The entrance area is visible, showing a dark doorway framed by the green and white bands. The overall aesthetic is clean, modern, and functional.
